

Hi Andy,

I just wanted to write and tell you that I appreciate you getting involved to buy my house on 6614 Ovington Ave. Eric and I bought it expecting to be able to fix it up and live in it. It ended up becoming such an overwhelming project that we just didn't have the time or energy to complete it.

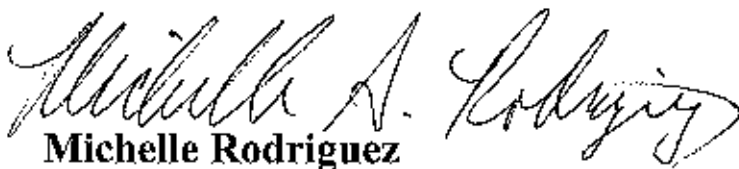

On top of that Eric was transferred nearly two hours away and we were going to be stuck with a half fixed up house and bills we needed to pay so that we could fix our credit and buy a new house. We knew we couldn't sell it with a realtor and didn't quite know what to-do.

I thank you for being honest with me and keeping me up to date. You even called me when you were out of town on vacation at one point to keep me informed on how the deal was going.

I am so happy that we can move on with our lives and not have to deal with this house any longer.

Now we have the money to pay off the bills that we racked up while fixing the old house plus we have money to put down on the new house we have found and some to help us move.

Thank you so much,

Michelle Rodriguez
