

Dear Andy,

I just wanted to write you a letter thanking you for working with me to help me purchase of your house on 5111 Dalton Avenue. When we saw your house we were excited about buying it. It was fixed up very cute.

We were disappointed to find out we wouldn't be able to purchase it with a loan immediately. We were glad though when we found out we would still be able to live in the home and have it as ours through your lease purchase program.

You also assisted in negotiating with some of the creditors from an old unpaid hospital bill and help to get everything written off. You helped us clean up our credit and get a loan so that we could own our home.

In just a little over 8 months we were able to get a loan and purchase our home.

Thank you for your help. We would recommend you to anyone looking to purchase a home.

God bless,

Clinton and Marion Smith
